

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-23771

Stream : Tippecanoe River

Applicant : Efrain Fontanez
1609 Roosevelt Road
Valparaiso, IN 46383

Description : An access channel will be excavated along the northeast (left) bank of the river to provide boat access and mooring space. The channel will be approximately 30' long by 12' wide and will be excavated to a depth of 4' below the existing grade. It will have 1:3 side slopes, which will be stabilized with vegetation. Fill removed from the excavation will be hauled to a disposal site located outside the floodway where it will be graded and seeded. The construction will require the excavation of approximately 60 tons of material. During construction an earthen plug will separate the river from the channel. Once the excavation has been completed and stabilized, the plug will be removed and the channel flooded. In addition, a gravel boat ramp will be constructed at the end of the channel. Details of the project are contained in information and plans received at the Division of Water on April 3, 2006, and April 17, 2006.

Location : 6852 Roby Road; Lot 20 in Indian Bridge Camp
near Delong, Aubbeenaubbee Township, Fulton County
SE¼, SE¼, NE¼, Section 55, T 31N, R 1E, Culver Quadrangle
Quad Code: 4108624
UTM Coordinates: Downstream 4555644 North, 547448 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-23781

Stream : Tanners Creek

Applicant : Dearborn County Highway Department
Mark Seiler
215 B West High Street
Lawrenceburg, IN 47025-1909

Description : Approximately 175' of the stream's eroded south (right) bank will be restored to a 1:1 slope and protected with riprap. The rip rap will have a maximum height of 9' and a maximum streamward projection of 9' beyond existing bank. Repairs to an existing rip rap protected bank will also be performed. A approximately 175' x 75' x 3' deep sand bar, consisting of 6" to 12" stone will be removed from the center of the stream channel. The stone will be evaluated for suitability for use in stabilizing the bank erosion. The embankment will be cleared of all brush and debris in the project area.
Details of the project are contained in information and plans received at the Division of Water on April 10, 2006.

Location : Along the south bank of Tanners Creek beginning approximately 1000' northwest of the intersection of Pribble Road and Kaiser Drive and continuing upstream for approximately 175'
near Guilford, Miller Township, Dearborn County
SE¼, SW¼, NE¼, Section 29, T 6N, R 1W, Guilford Quadrangle
Quad Code: 3908428
UTM Coordinates: Downstream 4336137 North, 681475 East

30 Day Public Notice Report

Application # : FW-23796

Stream : Sand Creek

Applicant : Board of Decatur County Commissioners
150 Courthouse Square
Suite 133
Greensburg, IN 47240-2051

Description : The existing steel truss bridge carrying CR 500 S over Sand Creek will be replaced with a new structure on a new alignment to improve traffic flow. The new structure will be a three-span continuous, composite, prestressed concrete I-beam bridge with span lengths of 53.81 ft, 70.54 ft, and 53.81 ft. The structure will have an out-to-out length of 181.4 ft and a clear roadway width of 23.62 ft. The spill through abutments will have 2:1 sideslopes armored with limestone riprap placed over geotextile fabric. The abutments and piers will be skewed 40 degrees to align with the streamflow. The new approach roads will be elevated a maximum of 9.14 ft above the existing ground along the new alignment. The existing structure will remain in its current location and will be rehabilitated to carry pedestrian loadings. The project is federally funded. Details of the project are contained in information received electronically at the Division of Water on April 18, 2006.

Location : At the CR 500 S crossing of Sand Creek, just southeast of the intersection of CR 500 S and CR 220 SW
near Horace, Sand Creek Township, Decatur County
Section 5, T 9N, R 9E, Forest Hill Quadrangle
Quad Code: 3908535

30 Day Public Notice Report

Application # : PL-20409

Lake : Indian Lake

Applicant : Andy Wene
0352 County Road 16
Corunna, IN 46730-9764

Description : A temporary pier will be placed in front of the applicant's property. It will be supported by 3" auger poles, which will be placed in the lakebed using hand held tools. A 15' by 12' underwater beach will be constructed across 15' of the applicant's 204' frontage by placing a uniform layer of pea gravel over a uniform layer of gravel on the lakebed. Details of the project are contained in information and plans received at the Division of Water on April 5, 2006.

Location : 0352 County Road 16
near Corunna, Fairfield Township, DeKalb County
SW¼, SE¼, NW¼, Section 29, T 35N, R 10E, Corunna Quadrangle

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20419

Lake : Lake Wawasee

Applicant : Andrew W Cripe
Andy
8027 East Cherokee Road
Syracuse, IN 46567-8759

Description : A new seawall will be constructed across 125 ft of the 125 ft frontage of the applicant along Lake Wawasee to deter shoreline erosion and replace a collapsing railroad tie wall. The wall will consist of concrete which will be sloped on the lakeward side. It will be 48 inches high and will vary uniformly in thickness from 30 inches to 12 inches from the base to the top. The lakeward face of the wall will be legal shoreline. A 36" wide layer of stone will be placed at the base of the wall for toe protection. Details of the project are contained in information received electronically at the Division of Water on April 17, 2006.

Location : 8027 East Cherokee Road, Lot 106 Johnson Bay SD
at Syracuse, Turkey Creek Township, Kosciusko County

Application # : PL-20421

Lake : Sylvan Lake

Applicant : Gary L Baker
1275 Hilltop Drive
Rome City, In 46784-9652

Cheryl M Baker
1275 Hilltop Drive
Rome City, IN 46784-9652

Description : A new underwater beach will be constructed in front of the property of the applicant on Sylvan Lake to provide an area suitable for swimming. The beach will consist of a 4 inch to 6 inch thick layer of 7/64 inch clean, washed pea gravel placed directly on the lake bed. The beach will begin approximately 12 ft east of the western property line and will extend easterly across 25' of the 51' of frontage. It will have a maximum lakeward projection of 25 ft. Details of the project are contained in information received electronically at the Division of Water on April 19, 2006.

Location : Lot 5 in Hillview addition to Sylvan Lake
at Rome City, Orange Township, Noble County
Section 15, T 35N, R 10E

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20425

Lake : Big Chapman Lake

Applicant : Brenda R Mangan
1767 Chapman Lake Drive
Warsaw, IN 46582-7837

Description : A new seawall will be constructed across 50ft of the 50ft frontage of the applicant along Chapman Lake to deter shoreline erosion. The wall will consist of poured in place concrete which will be sloped on the lakeward side. It will be 48 inches high and will vary uniformly in thickness from 13 inches to 30 inches from the base to the top. The lakeward face of the wall will be (legal/average normal) shoreline. Details of the project are contained in information received electronically at the Division of Water on April 20, 2006.

Location : Lot 17 Arrowhead Park
near Warsaw, Plain Township, Kosciusko County

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11
